#### Wife Sold For Three Dollars.

New York, Sept. 4.—Told by two women that a woman was being beaten in a tenement house in West Ninth street Policeman Soderburg hurried to the house and found Mrs. Lillian Fay, aged twenty-nine years old, lying on the floor of her apartment on the second floor with a dozen stab wounds in the face, breast and arms, while a man was sitting on the edge of the bed. This man said he was John W. Foster, a carpenter. He was locked up. Mrs. Fay was removed to St. Vincent's hospital where it is said she was in a serious condition. She was hysterical for some time, but told the police that Foster entered her room and said he had purchased her from her husband for \$3.  
Foster refused to make any statement, except to repeat to the police that he had purchased the woman for \$3 from her husband.

#### Found Dead at Table.

New York, Sept. 4.—Mrs. Martha de Billier, wife of William de Billier, a broker, was found dead sitting at the dining room table in the De Billier apartments by her husband. Mr. de Billier appeared well when Mr. de Billier left the house in the morning. He tried to telephone her in the afternoon and getting no reply hurried home. Coroner Dooly was told that Mrs. de Billier had been troubled with heart trouble.

#### Boys' Release Demanded.

El Paso, Sept. 4.—American Consul Edwards demanded of the Mexican authorities the release of the four boys—Henry Aguirre, Frank Medina, Robert Rechy, Catalino Lopez—arrested by Mexican rurales because they crossed the border with a target gun. He declares if they are not freed at once he will take up the matter with the American state department.

#### Mitchell Gives Bond.

Houston, Sept. 4.—Jerry Mitchell, the jeweler who is charged with killing Captain Bonner at Laporte, was released on \$10,000 bond. The wealth of those who went on his bond will aggregate from \$3,000,000 to \$5,000,000. The bondsmen are J. S. Rice, Joseph S. Meyer, J. M. Geiselman, John J. Fani, H. McCurtin, J. N. Taub.

#### TEXAS TOPICS.

Houston is daily receiving from 7,000 to 14,000 bales of cotton.

By the collapse at Fort Worth of the Salsberg brick building a score of workmen had a miraculous escape.

Asa Moody, founder of Luling, Tex., dropped dead while returning from that city to his home in the country.

It is stated the Wells-Fargo Express company is planning to move its Texas headquarters from Houston to Fort Worth.

To construct the line to pipe gas from Petrolia to Wichita Falls, Tex., \$100,000 will be spent. Gas will cost 50 cents per 1,000 cubic feet.

Postoffice at Woodbine, Cooke county, Texas, was burglarized of money and stamps. Railroad picks were used to demolish the cash register.

#### Coaled at Honolulu.

Honolulu, Sept. 4.—Five cruisers and torpedoed destroyers with the supply ship Solace coaled here.

#### Rentes Firm.

### FRANK P. SARGENT DIES.

Prominent Government Official Expires at Washington.

Washington, Sept. 4.—Frank P. Sargent, commissioner of immigration of the department of commerce and labor, died at this city today.

The ailment which caused the death of Mr. Sargent was a stomach trouble, which had afflicted him several months.

Mr. Sargent, who was forty-five years of age, was a native of Vermont, being born at Orange. From 1865 to

FRANK P. SARGENT.

1902 he was chief of the Brotherhood of Locomotive Firemen. In 1898 President McKinley appointed him a member of the industrial commission. He declined the position of chief of the bureau of engraving and printing. He had been commissioner general of immigration since 1903. He was a thirty-second degree Mason and member of the National Civic federation.

#### MERELY CONTENTMENT.

Thurston Says People are Pleased With the Administration.

New York, Sept. 4.—That what appears to be apathy among the voters of the country is merely contentment with the present administration of affairs by the Republican party, is the contention of former Senator Thurston of Nebraska. Mr. Thurston was at Republican national headquarters discussing the situation in his own state and country at large with party leaders. He declared so far as Nebraska is concerned there is nothing but certainty of Republican success in November.

"Nebraska will cast her vote for Taft and Sherman," said he. "She is a normally Republican state, but when we got free silver, Populistic decline and bad crops she went Populistic, not Democratic, for Nebraska never voted that way. Now the farmers are prosperous and nothing on earth could induce the state to vote for Bryan and Kern."

#### Act Repudiated.

New York, Sept. 4.—New York union No. 10 of the National Federation of Postoffice clerks is aroused over a postal card bearing a copy of its official seal, together with a picture of Samuel Gompers, which was sent broadcast through the mails. The officers of the union say that the use of the seal was not authorized, and was used for the purpose of creating the impression that the union is supporting Mr. Gompers and his views regarding the Democratic nominee for the presidency.

The place where the original card was printed and information concerning the orders there received for getting it up was located by means of the printers' union stamp on the card. The postoffice clerks promptly held a meeting and adopted resolutions repudiating the printing and circulation of the card, which is described as a fraud and forgery, and pledging the union to prosecute the guilty parties.

#### Chafin Highly Gratified.

Portland, Ore., Sept. 4.—Eugene W. Chafin, candidate of the Prohibition party for president, arrived here. Mr. Chafin, who made a flying trip through several western states, during which he delivered numerous addresses, expresses himself as highly gratified with the growth of the cause he represents.

### STUPENDOUS FIRE.

Four Thousand Houses Burn In Japanese Town.

Tokio, Sept. 4.—Dispatches from Niigata, in Ichigo province, eighteen miles northwest of this city, tell of a fire which occurred in which 4,000 houses were destroyed. Fearful scenes of destitution and suffering are reported and the government is rendering every possible assistance to the inhabitants.

#### WIFE KNOCKED DOWN STAIRS.

This Was First Chapter In Awful Crime of Jordan.

Boston, Sept. 4.—But a few points in connection with the horrible and gruesome murder in Greater Boston of Mrs. Honora Jordan, an actress, known on the stage as Irene Shannon, by her husband, Chester S. Jordan, remained to be cleared up by the police Friday. The confession of the husband to the police following his arrest after the accidental discovery of the mutilated torso of his wife in a trunk at 7 Hancock street, is believed to be a substantial recital of the incidents of the brutal crime, but several minor details of the confession conflicted.

As the result of the examination by the police he disclosed all the apparently important facts in connection with the murder, and gave information which led to the discovery of the thighs and scalped head of the murdered woman, the only parts not contained in the trunk, at his home in Somerville. He also gave a plausible reason in a remark by his wife, which he says, was incited by her belief that he was unfaithful. Following her epithet he struck her, knocking her down a flight of stairs. He declares from that moment until he awoke next morning he had no recollection of anything. When he awoke he found the body lying at the foot of the stairs, the throat slashed from ear to ear. On this portion of his confession the police placed the least credence.

Attorney William S. Scranton, who had been procured for the defense of Jordan by his brother-in-law, Jesse L. Livermore, a cotton market operator of New York, states he already has evidence of Jordan's mental derangement several weeks before the murder, and in this case the murderer's insanity may account for some lapse in his confession, although as a whole it is remarkably clear.

When arraigned in police court Jordan pleaded guilty to the charge of murder. The case was continued until Friday, Sept. 11, and Jordan remanded to jail.

#### BRYAN BUSY.

Finds Time, However, to Comment on Taft's Vermont Utterance.

Lincoln, Neb., Sept. 4.—W. J. Bryan Friday was a busy man. He delivered two dedication speeches—one at the fair grounds, the other at the Tabitha Home for the Aged, near Fairview, received many hundreds of people, talked into a phonograph, discussed politics and sandwiched in some work in his office.

Perhaps the most important visitor was Herman Ridder of New York, one of the Democratic campaign managers. Mr. Ridder was on his way east and stopped off at Lincoln a short time to have a talk with the presidential candidate. He brought flattering reports of the political situation as he found it in the west and particularly among the German voters.

Mr. Bryan's notice was attracted to a dispatch from Middle Bass Island wherein it was stated Judge Taft, in commenting on the result of the Vermont election, said that he would have been better pleased had the majority not been so large, in which event the danger of Republican over confidence would have been lessened.

"I know," remarked Mr. Bryan. "Of several sections of the country where the Republicans are not afflicted with over confidence."

#### Fatal Mimic Duel.

Mobile, Sept. 4.—William O. Sossaman, a seventeen year old boy, was killed by Henry Leech, aged sixteen years, in a mimic duel. Several boys were playing in the yard and when one of them produced a revolver Leech is said to have gone into the house and securing another, proceeded to unload it, as he thought.

As the mock "affair of honor" was about to be enacted, Sossaman in heroic fashion ran between the principals. At that moment the pistol held by Leech was discharged, killing Sossaman.

#### Spectacular Leap to Death.

Hot Springs, Ark., Sept. 4.—A. B. Waters, a visitor from Tampa, Fla., made a spectacular leap to death from a third story window of the Preston hotel to the pavement below, a distance of fifty feet. Before jumping he tore up a handful of currency and threw it in a wash basin in his room. He died in a half an hour.

#### Public Charge All His Days.

Utica, N. Y., Sept. 4.—The champion pauper is dead after being a public charge for eighty-five years. Hezekiah Monk was born in the Herkimer county poor house eighty-five years ago, spending all his days there.

#### Nearly Wiped Out.

Scoboa, Miss., Sept. 4.—This place was nearly wiped out by fire.

#### Bryan Morning Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, SEPT. 5, 1908.

Miss Mattie Hamilton of Houston is attending the convent.

Rockdale Democrats have forwarded \$60.50 to the Bryan-Korn campaign fund and another subscription has been started.

Mr. What's-his-name, Hearst's nominee for president, got a few over a thousand votes in Vermont, after stumping the State.

The rumor of an expected norther which The Eagle mentioned yesterday, was based on the fact that teal and other ducks in large numbers have appeared along the coast of Texas. It is believed by many that migratory birds are weather-wise and that the phenomenally early coming of the waterfowl prognosticates cold weather before the usual time.

The Bryan Retail Merchant's Association is on a somewhat different plan from the commercial or business organizations that have preceded it. It appeals directly to the most numerous and influential class of business men, as a class; just as the Farmer's Union appeals to the agriculturist. Every merchant in Bryan will promote his own interest by giving it his active support.

The presence of the two American battleship fleets in the Pacific and rumors of an American-Chinese treaty are worrying Japan. It is even hinted that the fleet under the command of Admiral Sperry will receive a cold reception when it goes to Yokohama, and some have gone so far as to insinuate a possibility that the Maine tragedy might be re-enacted. Just at this time the whole world is rife with rumors of wars.

A few years ago two New York country boys fitted up a shop in the basement of their father's home, in which they built without assistance a pony locomotive engine, that performed satisfactorily. Now it appears that a couple of Cornell students have spent their summer vacation constructing an aeroplane, in which they made their first successful flight Thursday. The American boy is still ahead.

In two recent notable instances the post office department has shown itself a strong promoter of a higher civilization. The first is the notice to the authorities of counties delinquent in road building that rural routes would be discontinued unless good roads were maintained. The second is a ruling that mail carriers are not required to deliver mail on premises where vicious dogs are kept.

Astronomers have their telescopes pointed skyward in anticipation of the reappearance of Halley's comet, after an absence of more than three-quarters of a century. It has been under observation for more than a thousand years, during which it has appeared periodically with more or less regularity. Being one of the largest and most remarkable of its class of celestial bodies its expected visit is awaited with great interest. But comets are very erratic and it may not come.

#### BOARD MEETING.

##### New Members of Faculty Appointed By A. & M. Directors.

College Station, Tex., Sept. 4.—The Board of Directors of the Agriculture and Mechanical College were in session until a late hour last night and beginning at an early hour this morning they have been very busy up to the present writing.

Howard W. Key, son of Judge W. M. Key of the Court of Civil Appeals of Austin, was elected to the chair of Electrical Engineering and Physics. He is a graduate of the University of Texas, and of the Boston Institute of Technology and for several years has had practical experience in electrical work with the General Electric Co. of Schenectady, New York. His education and practical experience qualify him eminently well for the duties of his position. He was highly recommended for the position by such men as T. U. Taylor of the University of Texas, President D. F. Houston and other competent judges of his fitness for such work.

Dr. Isaac Alexander of Henderson, Texas, who has for a number of years been a prominent figure in the M. E. Church and who has had fifteen years in school work was elected to fill the position of Chaplain. It is not known whether Dr. Alexander will accept the position or not, but the wide field of usefulness opened to him here will prove an attraction to him.

The Board spent a large part of its morning session in going over and thoroughly considering a revision of the Rules and Regulations of the college that have been made by a committee of the faculty appointed for that purpose. It is believed that this thorough overhauling of the rules, many of which had become obsolete, will be very helpful to discipline.

Owing to the greatly increased size of the corps provision is made in the rules for a Regimental formation. There will be hereafter two Battalions instead of one, and 8 companies instead of 4. The revised rules place more responsibility upon the commissioned officers of the corps. Hereafter commissioned officers who are faithful in the discharge of their duties through the session will be presented with their side arms.

qualified to fill this important position. Ex-president H. H. Harrington was elected director of the Experiment Station with the privilege of choosing his own place of residence.

It would probably be impossible to find a man in the United States better qualified to fill this important position. Dr. Harrington has been engaged in such work for nearly twenty years and possibly no man is better acquainted with agricultural conditions in Texas than he is. Experimental work is rapidly growing in importance in this state. It is generally believed that the next Legislature will make provision for a number of sub-stations. The college is fortunate in securing services of such a well equipped man for the general management of this work which is so vital to the farming, stock, and truck interest of Texas.

Mr. H. L. McKnight of Naples, Texas, who for several years has been engaged in conducting demonstration farms in the Southwest, has been elected assistant agriculturist to the Experiment Station. Mr. McKnight is very highly recommended by Dr. S. A. Knapp, under whom he has been working for a number of years.

Professor Herrick, professor of entomology in the A. & M. College of Mississippi, was elected to the position of State entomologist. He has occupied the chair of entomology in the A. & M. College of Mississippi for about 8 years, and is regarded as one of the ablest men in that line of work in the South.

Since the establishment of the college, owing to its isolation, members of the faculty and other officers of the college have been allowed to purchase groceries and other supplies from the Messrs. Hall. This arrangement entails a great deal of extra work on the steward and treasurer, as a number of accounts had to be made out and corrected at the end of each month. After a thorough consideration of the matter the board has decided to discontinue this arrangement. Hereafter college officials and other residents of the community will have to purchase all of their supplies in Bryan or elsewhere. While this of course will be somewhat inconvenient to the residents of the campus it will save time and work in the business office of the college.

It has heretofore been the custom for the assignment of residences on the campus to be made by the president, but at a recent meeting of the board it was decided that this duty should be performed by the board. At its morning session the board made an assignment of residences for next year.

The board is still in session and will probably not finish their work before six o'clock this afternoon, or possibly tomorrow. There will be no night session on account of the reception which is to be given by Director L. L. McInnis of Bryan to President Milner and his family, and the members of the board.

##### Busy Days at College.

The Eagle representative found no idlers nor loungers on the campus yesterday. The Board of Directors held sessions both morning and afternoon in the reception room of the Mess Hall building. The business to be transacted was so important and of so many different kinds that not a moment was lost.

The finishing touches have just been given to Goodwin Hall, the new dormitory, and it only remains to remove the debris and clean out the rubbish preparatory to placing the furniture in the sixty-five rooms, which is being done as fast as they are made ready. This latest addition to the facilities for lodging students is not only conveniently arranged and elegant in its interior but also presents an imposing exterior appearance.

The bath house, work on which was delayed by the failure of the marble for the shower stalls, is nearly finished and will be ready for use when the students arrive. The material and the workmanship are of the best, offering every inducement to the cadets to practice the virtue of cleanliness,

which John Wesley placed next to godliness.

President Milner, who arrived on the campus only a few days ago, has taken up the work where former President Harrington left it off, and the current of A. & M. affairs flows onward without a ripple of disturbance. Such is the advantage of selecting a man who is not only well qualified but thoroughly acquainted with all the details of the management of this great institution. Every professor and employee, from the highest to the lowest, knows just what is expected of him, hence there is no friction.

In regard to the number of students expected, Secretary Andrews said that he had not tried to make an accurate estimate, but there was every indication that there will be a large increase. Some of the campus people think the college will enroll not less than 700 this year.

MORE BANK TALK

**D**ID it ever occur to you why all good business men keep a checking account with a bank? We will tell you. It enables them to keep their funds in a more secure place than the office safe. It gives them a better standing in the business world. It enables them to pay their bills by check, the returned check being a receipt. Individuals find a checking account very convenient and a source of saving. Money in one's pocket is often spent on the spur of the moment, while one is disposed to think twice before drawing on his balance in the Bank.

If a federal circuit court judge  
 away up in Minnesota can enjoin the  
 State of Arkansas from enforcing its  
 laws, where is the use of having  
 State governments?

Mr. I. M. Cook a progressive farm-  
 er from Steep Hollow and a former  
 president of the Brazos County Farm-  
 er's Union was in the city on business  
 yesterday.

Miss Ray Montgomery, who will  
 teach in the public free schools of the  
 city during the approaching session ar-  
 rived from Snyder, Oklahoma, yester-  
 day afternoon.

Mr. and Mrs. E. L. Evans arrived  
 on the 2:40 H. & T. C. southbound yester-  
 day afternoon from their home in  
 Springfield, Mo. Mr. Evans is a mem-  
 ber of the faculty of Allen Academy  
 for the 1908-9 session.

Twenty thousand pounds of local  
 freight loaded into fifteen separate  
 cars of H. & T. C. train 24, kept the  
 Central boys busy for a while yester-  
 day morning. Railroad business here  
 in all lines is improving.

The funeral party, consisting of J.  
 M. Montgomery and four children who  
 came up with the body of Mrs. Mont-  
 gomery, interred at Wheelock yester-  
 day, returned to Bay City in the af-  
 ternoon over the I. & G. N.

Mr. A. Mitchell, connected with the  
 drawing department at A. & M. Col-  
 lege, was in the city yesterday. Mr.  
 Mitchell's father, who resides at  
 Cambell, was with him. The elder  
 Mr. Mitchell was en route home from  
 a visit to another son residing in West  
 Texas.

Miss May Pilling, of Buffalo, N. Y.,  
 has arrived in the city and will have  
 charge of Mr. Eugene Edge's Millinery  
 and ladies' ready-to-wear departments.

Miss Pilling is a designer of recog-  
 nized taste, having held a position as  
 head milliner for a Buffalo firm for  
 five years. Mr. Edge feels that her  
 ability will be appreciated by the la-  
 dies of Bryan.

Mr. W. J. Newcomb, fireman on the  
 H. & T. C. engine 440, which struck  
 the rear end of a train preceding at  
 mile post 150 on the 23rd of August,  
 was in the city yesterday. Mr. New-  
 comb was painfully injured in the ac-  
 cident and has been in the hospital  
 until yesterday, but is now ready to  
 return to work. His home is in Re-  
 liance, where his mother, two sisters  
 and a brother reside.

Mr. M. McLain of Mesa, Grimes  
 county, was in the city today with a  
 wagon load of sweet potatoes, which  
 he readily disposed of at a satisfactory  
 price. Mr. McLain lives twenty miles  
 from Bryan, but states that this is  
 the best market he has found for his  
 produce. The good roads movement  
 inaugurated here some months ago  
 by the county judge and commission-  
 ers, and the business men of Bryan,  
 is instrumental in pulling trade to this  
 city from many miles away. Mr. Mc-  
 Lain mentioned this to the Eagle man  
 yesterday, and also the fact that the  
 schools of this city assist materially  
 in creating a demand for the products  
 of the truck farm and poultry yard.

Interred at Wheelock.

The remains of Mrs. J. M. Mont-  
 gomery, who died at Bay City  
 Wednesday, arrived here on the  
 Northbound H. & T. C. train at  
 12:30 a. m. Friday. The hearse of  
 Buchanan Moore & Co. was in wait-  
 ing and upon the arrival of the train  
 the coffin was transferred to the  
 hearse and conveyed to Wheelock, a  
 village some 20 miles from here,  
 where interment occurred Friday.

Accompanying the remains were  
 the husband, two daughters and a son  
 of deceased. Captain Duncan, a broth-  
 er, also met the train and accompan-  
 ied the party to Wheelock.

The Montgomery family resided at  
 Wheelock several years ago, but have  
 been residents of Bay City for some  
 years past.

 tension to the Front. Sermon, "The  
 Latter Glory Greater Than The For-  
 mer." Doxology and Benediction.

You have a most earnest invita-  
 tion to attend. Short sermons and  
 bright services. Bible School at 9:45  
 a. m.. Christian Endeavor at 7 p.  
 m. sharp. If the new Baptist Pastor  
 arrives, we will adjourn the 8 p. m.  
 service, to welcome him.

Jas. A. Challenner, Pastor.

**The Presbyterian Church.**

There will be Sunday School at 9:45  
 and preaching at 11 a. m., as usual, in  
 the Presbyterian Church on Sunday.

In honor of the incoming pastor of the  
 Baptist Church, there will be no ser-  
 vices at night, in order that we may  
 show our brotherly love to our Bap-  
 tist brother by our presence at his  
 church at his evening service. Mr.  
 Hamilton will preach at the Union Hill  
 School House Sunday night at 10  
 o'clock. This will be a part of the an-  
 niversary services of the Union Hill  
 Church.

H. W. Hamilton, Pastor

**Good Character Play Coming.**

Fifteen years ago it occurred to Elmer  
 Walters that a tramp play properly  
 constructed and decently produced,  
 would prove a lasting dramatic enter-  
 tainment that would be relished by all  
 classes because of the general popu-  
 larity of the American Vagabond.

Mr. Walters' judgment immediately  
 brought him into the theatrical field  
 of success. The public from time  
 to time, have been imposed upon by  
 other so-called "tramp" shows which  
 have grown from the seed of Mr. Wal-  
 ters' success, but none have yet  
 been found to meet with the public  
 approval of a "Walters" production.

"A Millionaire Tramp" is consid-  
 ered to be an attraction of equal strength  
 with "The Old Homestead" and  
 plays of a like character. 232

**Local Cotton Statement.**

Bryan, Sept. 4.—Cotton receipts at  
 this point to date are as follows:

Square bales ..... 3,384  
 Round bales ..... 392  
 Same date last season:

Square bales ..... 1,874  
 Round bales ..... 186  
 Increase in number of square bales  
 Increase in round bales over

last year ..... 206  
 Stock today ..... 475

While receipts to date are in excess  
 of those same date last year it should  
 be borne in mind that only 13,750  
 bales were received here in 1907,  
 against 39,500 for 1906.

A revised estimate of the number  
 of bales which will probably be re-  
 ceived here places same at 22,500  
 against an estimate of 28,000 to 30-  
 000 bales five weeks ago.

Cotton is selling here today at 8-  
 11-16, which is 1-16 better than any  
 day so far this week.

**Twenty-Seven Applicants.**

Twenty-seven applicants for state  
 and county teachers' certificates were  
 before the board of school examiners  
 at the court house yesterday. Of these  
 twelve are white and fifteen  
 are colored. Of the white

applicants four are men and eight  
 women; of the colored, 3 are men and  
 12 are women. Superintendent Parker  
 says that the number of applicants for  
 examination for teachers' certificates  
 is larger at this sitting of the board  
 than had been expected, and a great  
 deal larger than is usual.

The examining board of Brazos  
 county consists of Mr. John Moore,  
 Mr. Dulaney and Miss Ada Board.

### IN HONOR OF MR. MILNER.

Major and Mrs. McInnis Received in  
Honor of the New President.  
Responding to the invitation of  
Major and Mrs. L. L. McInnis,  
the entire business and professional  
element of the city attended the reception at the McInnis  
home last night from 9 to 11,  
given in honor of Hon. R. T. Milner,  
the newly chosen president of the A.  
& M. College, Mrs. Milner and the  
board of directors of that institution.

The primary purpose of the reception  
was to provide an opportunity for  
the new executive and his wife and  
the members of the board to become  
acquainted with Bryan people, and  
while no elaborate decoration was attempted,  
the reception parlors were made  
bright with bouquets of flowers,  
which added their fragrance and color  
to the handsome appointments of the room.

In the receiving line were Major McInnis,  
Mrs. McInnis, Former President  
Harrington of the A. & M. College,  
and the honorees of the occasion, as follows:

President and Mrs. R. T. Milner,  
Judge K. K. Leggett, chairman of the  
board of directors, Abilene; T. D.  
Rowell, Jefferson; J. M. Green, Yonkum;  
W. H. Sebastian, Breckenridge;  
Judge A. Haldussek, LaGrange, and  
Walton Poteet, Dallas.

In addition to other refreshments  
an excellent punch was served. Misses  
Mary McInnis and Tabitha Milner  
presided over the punch table, which  
was a symphony in pink coral, with  
its decorations of American beauty  
roses and Queen's wreath, on beds  
of fern. The finishing touch of harmony  
was added to the occasion by an  
orchestra which played throughout  
the evening.

The occasion was most propitious  
for the purpose sought, and in bringing  
the head of the great A. & M. College  
and the board of directors of that  
institution in personal touch with  
the people of Bryan, Major McInnis  
has performed a public service, and to  
the citizens of Bryan, at least, a very  
pleasant service. The event last night  
brought about the friendliest and most  
cordial feeling between the college  
officials and citizens of Bryan, and  
prompted expressions of felicity and  
good will.

### 6th CONGRESSIONAL COMMITTEE.

C. L. McCoy Was Nominated and an  
Official Organ Indorsed.

Hearne, Texas, Sept. 3.—The  
Republican Executive Committee of the  
Sixth Congressional District of Texas  
met at Hearne, Texas, and nominated  
Hon. C. L. McCoy of Bryan, Brazos  
County, Texas, for Congress. They  
indorsed the administration of President  
Roosevelt and the action and  
platforms of the state and national  
Republican party, and further indorsed  
the leadership of Hon. Cecil A. Lyon.  
The committee decided to conduct a  
vigorous campaign. The Milam  
County Republican was made the official  
organ of the Republicans of the  
Sixth Congressional District of Texas.  
The above mentioned paper is published  
at Cameron, Texas. The nominee,  
Hon. C. L. McCoy, was present before  
the committee, discussing both state  
and national issues. He also thanked  
the committee for the honor conferred  
upon him and promised to conduct a  
vigorous campaign.

### What a Hen Can do.

A local poultryman hands The  
Eagle the following schedule of what  
a two bit chicken can do here. The  
profits according to the estimate submitted  
seem to be large enough to attract  
more attention to the business  
of poultry raising than is now manifested  
in that line.

Results from a twenty-five cent  
chicken here in twelve months:

She can and will lay 12 doz. fresh  
eggs, these eggs will average fifteen  
cents per dozen the year round, and  
ready sale at any and all times.  
Twelve doz. eggs at 15 cents per dozen  
amounts to \$1.80. So, can 25 cents  
be invested in any thing that will  
bring better returns than this? 80  
cents will feed and take care of this  
hen. \$1.00 net profit to the owner  
and have the hen left.

I consider the Leghorn the best for  
laying purposes—160 eggs a year.  
Plymouth Rocks 150 eggs.

For eating Plymouth Rocks. They  
soon grow to be large fryers or  
springers, have a good appearance, clear  
yellow legs.

Eggs should be gathered every day  
and laid in cool place until ready for  
market, which should be at least  
twice a week, especially in hot weather.
